Unlike previous Network Manager and Technician events, we would like to open the floor for consultation. We have a number of topics that we would like to discuss with you and we would appreciate your feedback on each.

This will be a one-day event that will provide a forum for information sharing and an opportunity to gain knowledge around the Link2ICT Road Map.

On the day, delegates will be split into groups and have an opportunity to discuss the following categories with Link2ICT representatives and colleagues:
