

# Mobile Learning Scheme for Students

**A mobile device inspires creativity & hands-on learning with features you won't find in any other educational tool.**

The Edugate scheme will challenge the way teaching is delivered enabling an interactive learning experience through the use of a mobile device which the students really want to use. Powerful apps from the app store like iTunes U and iBook's let students engage with content in interactive ways, find information in an instant and access an entire library where they go.

The Edugate brand is designed to make the latest mobile technology available to pupils at a discounted price. Purchase outright, on 1, 2 or 3 year interest free arrangement with a small monthly contribution.

The scheme can be tailored to suit each educational institute with Millgate providing technical support and management throughout the whole cycle.

Edugate Bundles are approximately 20% cheaper than high street prices and are inclusive of case, an extended 3 year warranty and 3yrs accidental damage and theft insurance.

## Example 36 Month Plan

|                               |                      |
