**General****Details**

|                    |                                        |
|--------------------|----------------------------------------|
| Domain             | school.net                             |
| Owner              | school\Domain Admins                   |
| Created            | 31/07/2014 10:19:22                    |
| Modified           | 17/09/2014 08:58:00                    |
| User Revisions     | 60 (AD), 60 (SYSVOL)                   |
| Computer Revisions | 0 (AD), 0 (SYSVOL)                     |
| Unique ID          | {A0BDAAF1-779B-4C95-B514-1D5F07B1B2A8} |
| GPO Status         | Computer settings disabled             |

**Links**

| Location                                                | Enforced | Link Status | Path                      |
|---------------------------------------------------------|----------|-------------|---------------------------|
| Users                                                   | Yes      | Enabled     | school.net/Sites/SITE COD |
| This list only includes links in the domain of the GPO. |          |             |                           |

**Security Filtering**

The settings in this GPO can only apply to the following groups, users, and computers:

**Name**

NT AUTHORITY\Authenticated Users

**Delegation**

These groups and users have the specified permission for this GPO

| Name                                       | Allowed Permissions                    | Inherited |
|--------------------------------------------|----------------------------------------|-----------|
| school\Domain Admins                       | Edit settings, delete, modify security | No        |
| school\Enterprise Admins                   | Edit settings, delete, modify security | No        |
| NT AUTHORITY\Authenticated Users           | Read (from Security Filtering)         | No        |
| NT AUTHORITY\ENTERPRISE DOMAIN CONTROLLERS | Read                                   | No        |
| NT AUTHORITY\SYSTEM                        | Edit settings, delete, modify security | No        |

**Computer Configuration (Disabled)**

No settings defined.

**User Configuration (Enabled)****Policies****Administrative Templates**

Policy definitions (ADMX files) retrieved from the local computer.

**Google/Google Chrome**

| Policy                                                                        | Setting  | Comment |
|-------------------------------------------------------------------------------|----------|---------|
| <a href="#">Allow running plug-ins that are outdated</a>                      | Enabled  |         |
