Microsoft Schools Licensing Update

Webinar - Wednesday 20 April at 11am

As

you may be aware, Microsoft and the Department for Education (DfE) have now agreed a transition strategy for the UK to arrive at harmonised academic pricing, in line with the rest of Europe.

As a consequence, a number of changes are currently taking place with Microsoft Academic Volume Licensing programmes. We wanted to reassure you that we are working closely with Microsoft to understand fully the detail of these changes and advise you accordingly. With this in mind, we have organised a webinar - so please join us at 11am on Wednesday 20 April.

This webinar - exclusive to Phoenix Software and hosted by Microsoft's Academic Licensing Specialist, Paul Harris - will take you through all the details and give you clear guidance on how you can secure the best price for your licence purchases, for as long as possible.
