ICT Systems Manager

Salary in the region of £37000*

Required as soon as possible, an outstanding, enthusiastic and committed ICT Systems Manager, to manage our extensive IT Network provision within this very large and busy school. The applicant will need to build on the considerable success achieved by the current postholder.

ICT lies at the very heart of our Learning and Teaching agenda as we seek to raise attainment within the school. The ICT provision is state-of-the-art and requires someone with considerable knowledge of the following systems: CISCO Routers & Switches, EMC-Dell SAN, VMWare ESX Enterprise, Microsoft - Enterprise Server Edition, Exchange 2007, Office Share Point Server, SQL 2005, Novell Zenworks Configuration Management, Unix - Apache, Nagios and Syslog servers, Capita SIMS server etc. The ICT Systems Manager oversees the work of a team of full-time and part-time IT technicians. In addition, the applicant will have a key role on the Strategic ICT Development Group working closely with the school's Senior Leadership Team, VLE Manager, Data Manager and a variety of other user groups, in developing and implementing our vision for 21st Century learning.

***The salary is negotiable based on qualifications and experience.**
