

Primary schools can get moving at 10Mbps with LGfL broadband upgrade offer.

A special bundled upgrade offer is now available to Primary schools served by an existing LGfL 2 Mbps or 5 Mbps fibre connection.

With new demands for high speed and ample broadband access, as well as the ongoing capacity demand brought on by advances in Primary curriculum content, this upgrade offer is an opportunity to provide a performance boost and safeguard future growth. Primary schools can save money whilst preparing for the future with:

- New high performance CPE included in promotion bundle
- Upgrades from 2Mbps or 5Mbps to 10Mbps
- Reduced upgrade set-up fee of £2500
- Annual rental retained at £5998
- The bundle offers a reduced set up cost of 60% on standard LGFL pricing

This offer is available from January 12th 2009 to March 31st 2009

(CPE: Customer Premises Equipment, the site router device providing improved features and performance)

Get up to speed with what you'll receive:

- Upgrade immediately to 10Mbps Broadband
- The new CPE will be installed from April 1st
- Savings up to 60% on upgrade set-up fee and new CPE based on standard LGFL prices
- Save money now and plan ahead for the future

Conditions of the offer

- This offer is available for orders placed by Tuesday, 31st March 2009. Standard LGfL pricing will again apply after the closing date of the offer.
- The upgrade set-up fee will be payable at the time of the upgrade being commissioned.
- The upgrade annual rental will be payable pro-rata until the next annual renewal invoice, when the full annual rental will be invoiced.

How to order

- Schools should contact their Local Authority and request the promotional bundled upgrade to 10Mbps.
- Local Authorities should contact salesadmin@synetrix.co.uk or your account manager.
- Quote reference 'Promo3/10Mbps/UG/Pri '.
- State the name of the school to be upgraded.
- Synetrix will forward contract details for signature.
