

CHILD EXPLOITATION AND ONLINE PROTECTION CENTRE:

THINKUKNOW EDUCATION INITIATIVES

ABOUT CEOP – www.ceop.police.uk

Launched in April 2006, CEOP is a Government run law enforcement agency aiming to protect young people from sexual abuse. CEOP is a multi agency organisation uniting police, charities and industry, to work together in a holistic approach.

ABOUT THINKUKNOW – www.thinkuknow.co.uk

Thinkuknow is CEOP's education initiative aimed at empowering young people through information and education. Through an extensive range of dynamic resources, young people are equipped with the knowledge to identify the risks posed to them online and given proactive responses to reduce these risks. There are resources available for young people aged 4-16 years, parents & carers and professionals who work with young people. All **Thinkuknow** resources are free of charge. All CEOP education resources are created using the latest intelligence and case studies from the CEOP intelligence and operations faculties, as well as consultation with CEOP's multi-agency Education Advisory Board and Youth Advisory Panel. Many of the resources have been developed with lesson plans which map to the National Curriculum. These are also available with guidance notes for professionals outside of the classroom.

RESOURCES FOR YOUNG PEOPLE

11-16'S (KEY STAGE 3 & 4)

THE THINKUKNOW PRESENTATION

You need to be trained to access these resources

An interactive presentation for professionals to deliver to this age group. The presentation is designed to introduce various key themes relating to internet safety and security. Award winning awareness raising films are embedded within this resource. To enhance the depth of knowledge of issues raised during the presentation, there are 5 accompanying lesson plans. These curriculum linked lessons cover the topics of positive use of technology, grooming, cyberbullying, sexting and privacy.

AWARENESS RAISING FILMS

There are a range of award winning awareness raising films, depicting various scenarios with relation to internet safety. These include, '**Claire Thought She Knew**', '**Tom's Story**', '**Consequences**' and '**Matt Thought He Knew**'. The films have accompanying suggested activity sheets or lesson plans enabling professionals to further explore messages with young people.

PHYSICAL RESOURCES

There are leaflets and posters available to give young people of this age a comprehensive set of tips, helping them remember how to keep safe online.

8-10'S (KEY STAGE 2)

CYBER CAFÉ

The **Thinkuknow** Cybercafé aims to develop a set of safe and discriminating behaviours for pupils to adopt when using the internet and other technologies. There are 9 curriculum linked lesson plans that professionals can access and deliver to this age group. The lessons compliment the online resource and cover a range of issues including cyberbullying, privacy, mobiles and safe social networking.

AWARENESS RAISING FILM

'Jigsaw' is an award winning film for this age group addressing risks associated with sharing too much personal information online.

PHYSICAL RESOURCES

There are posters available to give young people of this age a comprehensive set of tips, helping them remember how to keep safe online.

5-7'S (KEY STAGE 1)

HECTOR'S WORLD

There are a range of interactive resources based around Hector the dolphin and his friends. Six interactive cartoons emphasis base line messages to give this age group a founding grasp of internet safety. Each cartoon has an accompanying curriculum based lesson plan. Additional features include the **Hector's World Safety Button** and online puzzles.

PHYSICAL RESOURCES

There are a range of supporting physical resources for **Hector's World**, including posters, stickers, song sheets and colouring books.

AWARENESS RAISING FILM

'Animal Magic' is an interactive animation highlighting key themes of internet safety including bullying and has accompanying curriculum based lesson plans suitable for young people aged 4-7 years.

PURELY FOR PARENTS

www.thinkuknow.co.uk/parents

There is a **Purely for Parents Presentation** for professionals to deliver, helping bridge the gap of knowledge between young people and their guardians. Additionally there is an information leaflet for parents and the opportunity to sign up for monthly update emails from CEOP.

TRAINING

www.thinkuknow.co.uk/teachers

Please note a current CRB Police Check or equivalent is required for ALL training courses

✦ THINKUKNOW TRAINING (HALF DAY) FREE

Suitable for professionals who work directly with young people, this course introduces various technologies used by young people, identifies risks posed through the technology and gives guidance on how to protect and educate young people online. Delegates will be introduced to the range of Thinkukow resources for young people and taught methods of delivery.

✦ THINKUKNOW AMBASSADOR TRAINING COURSE (FULL DAY)—COST £199

Please note delegates must have previously attended the half day course

Suitable for professionals who wish to cascade deliver the half day training to colleagues. Gives an extensive look at various internet safety issues including a range of technologies, young people's risk taking behaviour and how offenders manipulate the online environment. The course also teaches the delegate to present the half day course. This course counts towards the PDA Online Protection and Safeguarding of Children qualification (see below).

✦ CEOP PROFESSIONAL DEVELOPMENT AWARD IN ONLINE PROTECTION AND SAFEGUARDING OF CHILDREN

Providing Child Protection through a greater understanding of the online environment; children's risk taking behaviour and how offenders operate.

The course and qualification will offer continuous development for professionals working in Child Protection, Education and Policing.

This qualification will provide learners with a deeper understanding of how sexual offenders behave and develop the learner's knowledge of current social media including mobile technology and how the online behavioural trends of young people are potentially putting themselves at risk.
