THE PETERSFIELD SCHOOL

The Petersfield School (TPS) is a happy, thriving school which was rated Outstanding by Ofsted in June 2010. We are now moving towards becoming a world class school.

We are a mixed Foundation School (1250 on roll) with particular expertise in the Arts. We intend to become an Outstanding Academy in 2011.

Examination results are very high – well above national averages (85% A*-C, 68% including English and Maths).

Perhaps belying its rather comfortable setting in a peaceful Hampshire market town, TPS is a dynamic, innovative and ambitious school – well known for its developments in aspects such as curriculum provision, professional development, leadership and student voice.

Behaviour is outstanding. Relationships are excellent and the students here are delightful young people.

We have over 100 teachers and Associate Staff who combine effectively as a cheerful, supportive team. New staff are made to feel very welcome. Staff training and new staff induction has been highly commended, with our model adopted by several other local schools.

Whilst the original buildings are over 50 years old and look it, we do have several highly attractive areas including The International Studio@TPS – our performance and gallery space and our floodlit Astroturf pitch which is the same quality as Manchester United's!

We have a superb House structure to help break down the size of the school and facilitate our outstanding pastoral system.

We operate a two year Key Stage 3 (Year 7 and 8) and a 3 year Key Stage 4 (Years 9 to 11). At age 16 students move on to the excellent local colleges – over 85% to pursue AS Levels. Ex-students have a strong track record of gaining admission to good universities including Oxbridge.

I am passionate about appointing colleagues who want to make a real difference to youngsters' lives. If you relish this opportunity, I look forward to receiving your application.

N C Poole
